

I-95 SANITARY LANDFILL & ENERGY/RESOURCE RECOVERY COMPLEX
RULES AND REGULATIONS
9850 Furnace Road, Lorton, Virginia 22079
July 1, 2005 - June 30, 2006
(703) 690-1703 / (703) 690-6694

In order to provide an efficient and economical disposal service, the following rules and regulations will be strictly enforced at the I-95 Sanitary Landfill and Energy/Resource Recovery Complex.

- The I-95 Sanitary Landfill is closed for disposal of Municipal Solid Waste (MSW) with the exception of ash disposal. All MSW will be directed into the Energy/Resource Recovery Facility (E/RRF) for processing. Construction/Demolition/Debris waste will be directed to a CDD landfill.
- Use of the I-95 E/RRF is limited to: commercial companies with collection or disposal permits, government agencies, county residents, and commercial cash customers.
- All persons must follow instructions of county operations personnel.

COMPANY PERSONNEL

All company personnel on I-95 Complex property must conduct themselves in an orderly manner and follow the oral/written instructions of county personnel. Failure to comply may result in the suspension or use of the facility for the individual(s) and the company. The I-95 Complex Superintendent or his representative will determine the duration of any such suspension. Based upon the circumstances and at the option of the I-95 Complex Superintendent or his representative, the suspension may begin immediately or be scheduled. The I-95 Complex Superintendent or his representative will telephone the company owner/representative to relay the specific circumstances and duration of any suspension.

I-95 COMMERCIAL RECYCLING CENTER

Disposal of clean brush, yard waste, and ferrous metals/white goods at the I-95 Complex will be at the I-95 Recycling Center. Clean brush is defined as the wood part of yard waste such as tree trimmings or prunings (including Christmas trees), with a branch and/or trunk diameter of 20 inches or less. Ferrous metals/white goods are items such as, but not limited to, stoves, refrigerators, washing machines, clothes dryers and hot water tanks. It is the responsibility of the permit holder to immediately remove any unauthorized solid waste discharged at the I-95 Recycling Center.

DEBRIS MATERIAL

Dirt, concrete, asphalt, rock, and other similar material will be accepted only with the permission of the I-95 Landfill Superintendent or his representative. Please telephone (703) 690-1703 before bringing such material.

VEHICLE REGULATIONS

1. Waste disposal vehicles are restricted to using public roads to reach the site such as I-95/Route 1 and to the portion of Furnace Road leading to MorDor Drive.
2. Waste disposal vehicles are strictly prohibited from entering the complex next to the former DC Youth Center 1. In addition, U-turns at the former DC Youth Center or I-95 Citizens Disposal Complex are prohibited.
3. The speed limit is 25 MPH on the I-95 property and 10 MPH on the E/RRF tip floor. Drive carefully. Follow road signs and adjust driving speeds to road conditions during inclement weather. Road maintenance and snow removal equipment have the RIGHT OF WAY. THE PASSING OF ANY MOVING VEHICLE IS PROHIBITED.
4. Be aware of county residents who may be entering or leaving the scale area of the Citizens Disposal Complex.

I-95 SANITARY LANDFILL & E/RRF RULES AND REGULATIONS

Page 2

5. All waste disposal vehicles entering the I-95 Complex must be weighed at the scales before disposal is allowed at the I-95 Landfill, I-95 Recycling Center or I-95 E/RRF Complex. Drivers will be directed to a designated site at the Complex to unload waste. Drivers must enter and exit the scales carefully to avoid heavy braking and fast acceleration. Drivers must obey the instructions of county personnel.
6. Tailgates are not to be unlatched at the scale area. Tailgates are to be opened and closed only at the designated disposal area unless otherwise instructed. This includes all other adjustments to loading and unloading mechanisms of the vehicle.
7. Roll-off boxes are not to be switched or changed on the I-95 Landfill access road (MorDor Drive). Roll-off boxes will only be switched or changed at the authorized location as determined by the Complex Landfill Superintendent or his representative.
8. All waste disposal vehicles entering the Complex must have a tow hook or bar so that in the event a vehicle breaks down in a high traffic area, it may be temporarily removed.
9. All waste disposal vehicles with loads subject to air movement must be covered during transport. This includes empty open body type vehicles that have finished disposal and may contain loose paper. The cover may only be removed at the disposal area. Drivers are responsible for the removal of any litter from their vehicles left on the roads.
10. Vehicles may be cleaned out in the designated portion of the Complex only. Drivers may only park in the designated areas and may not block the flow of vehicle traffic.
11. All disabled vehicles on the Complex's access road must display approved warning devices. Drivers must stand by said vehicle and direct traffic, if necessary. Vehicles may not be repaired or abandoned at the I-95 Complex. Any abandoned vehicle will be towed at the owner's expense.
12. All solid waste vehicles using the I-95 Complex must have operating back-up alarms.
13. Drivers must wear safety vests with reflective material, or clothing with reflective markings (orange or yellow), while out of their vehicles at the I-95 Complex or E/RRF.
14. Driver must follow traffic director/flagman instructions, exercise courtesy, and use both mirrors when backing up. Be sure that you protect the safety of ground personnel and other equipment.
15. Cell phones, AM-FM, CB, and Two-Way radios must be turned off before entering the scales and leave them off until exiting the I-95 Complex.
16. **Drivers must notify scale personnel immediately in the event of vehicle fire/hot loads and obtain instructions prior to disposal.**
17. All vehicles entering the I-95 Complex are subject to waste inspections by County personnel. In the event of a solid waste inspection, drivers are to remain with their vehicle until informed by County personnel that they may proceed to exit the I-95 Complex. It is the responsibility of the driver/permit holder to immediately remove any unacceptable waste discharged at the I-95 Complex.
18. **When at the Tipping-Floor of the E/RRF, drivers are not allowed to walk within 15 feet of the pit where refuse is dumped. All tailgate unlocking and cleaning must be done away from the pit area.**
19. Trucks with hydraulic leaks will be responsible for their own spills. Trucks with repeated problems may be banned from the site until adequate maintenance is performed.
20. Drivers must be able to state the ORIGIN and TYPE OF MATERIAL they are delivering to the Complex so that they may be recorded, charged, and properly handled.
21. County solid waste decals must be clearly displayed on both sides of the vehicle.

SUSPENSION OF DISPOSAL PRIVILEGES

The Division of Solid Waste Disposal and Resource Recovery (DSWDRR) reserve the right to immediately suspend disposal privileges in the event of:

- Nonpayment of solid waste disposal fees or delinquent accounts.
- Disposal of unacceptable or hazardous waste.
- Failure to have a vehicle properly permitted and inspected.
- Operating vehicle and/or container with safety deficiencies or in an unsafe manner.
- Salvaging and/or removal of unauthorized items from discharged waste.
- Noncompliance with rules and regulations concerning the I-95 Complex or Chapter 109 of the County Code.
- Disposal of items, which, at the discretion of the I-95 Facility Superintendent or his representative, may impede operations or are considered hazardous to personnel.
- Unacceptable behavior, as determined by county operations staff.
